BOY SCOUT PARADE INAUGURATES DRIVE FOR MUCH NEEDED FUNDS

Both Bay High and St. Stanislaus Bands Participate—
Boy Scouts, Girl Scouts and Sea Scouts Parade—
Scout Executives Attend—Awards Made.

A well arranged parade, in charge of Robert Camors, Henry Ososnach and L. S. Elliott was held Wednesday afternoon inaugurating the drive for funds for the scout troops of Bay St. Louis.

Both the Bay High and St. Stanislaus College bands, fresh from their trip to Jackson where they participated in the State Band Contests, furnished music for the parade.

The parade was headed by Mayor G. Y. Blaize, Commissioner H. Grady Perkins, Scout Executives Father A. J. Gmelch, Henry Ososnach and others, Robert Camors and Field Representative Steve Kenny of New Orleans.

Marching in the parade were boy scouts, girl scouts, mariners and the Sea Scouts.

A stop was made on the beach front, where Commissioner Perkins presented Miss Amelia Manieri of Bay High band and Jack Landry of St. Stanislaus band, both baton twirlers, with loving cups for their respective winning of the state championships at the State Contest held in Jackson. A pennant was also awarded by Mr. Kenney to the Sea Scouts.

Mr. Steve Kenney the new field executive for the New Orleans area is a real scout enthusiast and hard worker for the movement. He attends each monthly meeting of local scout executives possible and is helping each member individually with his respective duties.

Much will be done for scouting here and it is hoped that the public will cooperate to the fullest extent in helping to further this work in this community.

"We have two boy scout troops, two girl scout troops, the sea scouts and girl mariners, and all need your support. There is no better work than scouting. Remember, 'The boys of today are the men of tomorrow.'"

The bands were complimented by commissioner Perkins and their directors for their cooperation in the parade and for their splendid showing.

Coast Represented At Conference.

The first regional conference of the National Council of Catholic Women was held in Birmingham, Ala., Saturday afternoon.

The Natheche Diocesan Council was represented by His Excellency, R. O. Gerow, Bishop of Natheche, Right Rev. Monsignor Daniel J. O'Brien, chancellor of the Bishop, former pastor of St. Michael's in Biloxi, Miss. Valerie Logue of Jackson, president of the Natheche Diocesan Council. Mrs. G. Y. Blaize, district president of Bay St. Louis, Mrs. M. L. VanCleave, Mrs. M. C. Terrell, Mrs. J. C. Clancy, Mr. and Mrs. H. Schmidt, all of Long Beach, Mrs. Louis Lizana and Miss Louise Malar of Biloxi, and others.

The conference opened formally with a pontifical high mass at St. Paul's Church. His Excellency, the Most Reverend Toolen, pontificating.

Some 1500 attended this, the first southern regional conference.

Couple Receives Minor Injuries In Accident

Mr. and Mrs. Frank Palisi of Algiers, La., who were returning to their home in Algiers after a honeymoon spent in Biloxi were the victims of an automobile accident on Sunday morning on the Old Highway 90 near the Bay when a large truck stuck their car, turning it over and almost demolishing the car. Mr. and Mrs. Palisi received minor bruises and abrasions and were treated for these at the local King's Daughters Hospital, being allowed to leave the hospital later in the day.

The identity of the two men in charge of the truck were not learned.

C. J. GORDON SERIOUSLY ILL AT NEW ORLEANS HOSPITAL.

Bay St. Louis was distressed this week over the sudden, serious illness of C. J. Gordon, popular employee of the Magnolia State Supply Company, and son of Mr. and Mrs. Charles A. Gordon, well known former Bay St. Louis residents, who was rushed to a New Orleans hospital after being stricken while at work on last Friday afternoon. Every hope is for his speedy recovery.

JUNIOR-SENIOR PROM BY S. J. A. HIGH SCHOOL STUDENTS

Affair Joyous and Colorful;
Auditorium Artistically
Decorated.

The Junior-Senior Prom given by the High School students of Saint Joseph Academy in the S. J. A. auditorium on last Saturday night was a joyous and colorful affair and one of the novel spring dances for members of the school set.

The entire auditorium had been decorated with moss and hay and transformed into a barn, and the young people attired themselves in costumes depicting farm characters the girls in short gingham and check dresses with large bows of ribbon in their hair, and the boys wearing overalls or denim suits and bandanas or sun hats such as worn by farm hands.

Refreshments such as are served at a country dance were served and music symbolic of the rural sections was played for dancing.

Chaperones for the evening were Mesdames F. J. Bopp, Randolph Bourgeois, Henry Capdepon, Miss Jane Juden and Coach Pete Buge.

CHEVROLET FIRST IN SALES IN EVERY STATE NATION WIDE

More than 700,000 new 1940 Chevrolet cars and trucks have been built and shipped out of the giant General Motors plants according to A. E. Voight local Chevrolet dealer.

"In recent sales and deliveries according to authentic figures supplied by R. L. Polk & Co., Chevrolet leads in sales in every state for 1940" Mr. Voight said. The figures also reveal that Chevrolet has led the field during eight of the past nine years.

With such a tremendous volume in new car sales and with the great number of used cars to be handled as trade-ins, Chevrolet dealers must carry on a very intensive program of used car conditioning both mechanically and finish to make the large number of used cars dependable and attractive to the public.

On the Gulf Chevrolet Company used car lot will always be found a large selection of good used cars and trucks in a range of prices and a selection of colors to meet practically every buyer's need in dependable transportation.

WORK AT HI SCHOOL STARTED

W. P. A. Workmen Engaged
In Construction—Water
Works Project Begins.

A regular crew of W. P. A. workmen has been busily engaged since April 18th on the grounds of Bay High School when work began on the foundations for the addition to the school which will consist of eight class rooms to relieve the crowded condition of the High School, and everything is in readiness for the pouring of cement for the foundations.

For the Waterworks Project, the City is prosecuting well drilling and have reached a depth of 940 feet at the present time, and expect to continue drilling to a depth of approximately 1200 feet when it is anticipated a water-bearing sand will be reached. Also on the same project, replacements of new water mains for the old ones will begin in about six weeks.

With these projects well under way, work has been created for a number of men and which will last for some time to come.

"The Threshold" To Open at Clermont Harbor

A new enterprise for Clermont Harbor and the Gulf Coast is "The Threshold" gift shop to be operated by Mrs. E. Jenkins and Miss Frances McCoy in the Jenkins home and which will open for business this week end.

Mrs. McCoy, an interior decorator having finished at one of the larger schools in Atlanta, Ga., and where she was later connected with one of the large department stores in the art department will be assisted by Mrs. Jenkins who together will take orders for hand-made, crocheted and knitted articles of many kinds and have a full line of gifts for all occasions and souvenirs.

Miss Agnes Shannon Ill at Hotel Dieu.

Miss Agnes Shannon, aunt of Father Leo F. Fahey and Messrs. Edmund Fahey and Joseph Fahey, was taken to Hotel Dieu in New Orleans on Tuesday after a severe spell of illness, and her many friends are hoping for her speedy recovery.

Accounts of Regional
Conference.

The regular monthly meeting of the Bay St. Louis District of the National Council of Catholic Women will be held for May on Wednesday 8th at St. Joseph Academy and all Catholic Women are urged to attend. Accounts of the Regional Conference held in Birmingham will be given at this meeting by several members who attended the conference and the meeting will be a most interesting one.

FISHING SEASON OPENED

May 1st for Fresh Water
Fish—Artificial Bait
Fishermen Must
Have License.

After being closed for the past two months the fresh water fishing season opened Wednesday, May 1st, of this week, to the pleasure of local fishermen.

The number of artificial bait anglers increase each season as well as those who engage in catching the finny tribe with hook and line.

A license is required by those using artificial bait but a resident may fish for fresh water fish without a license, using hook and line. Following are the rules of the Fish and Game Commission regarding the catching of fresh water fish:

Game fish may be taken by licensed fishermen from May 1st to February 26th of the year following, by hook and line with one or more hooks, artificial bait, casting rods and dip nets, provided not more than 25 of any one species may be taken a day and not more than 50 of all kinds in the aggregate. It shall be unlawful to take game fish in any other manner except as prescribed above. Bass may not be taken under 10 inches in length. Crappie may not be taken under 8 inches in length and members of the sun fish family may not be taken under 5 inches in length. Any game fish of the above species must be immediately returned to the water if not of legal length as specified above.

Every person 16 years old or over is required to have a fishing license if fishing with artificial bait in any of the streams, lakes or ponds, or if fishing from a boat, or dredge, or raft in any lake or pond. A license is not required of a resident fisherman if fishing from the bank with a pole and line or if fishing from a boat with pole or line in running streams, provided, however, that any person using artificial bait in any manner whether from boat or from bank is required to have a license. It is further provided any person found in possession of artificial bait while engaged in fishing or on any of the streams or lakes or ponds that it shall be prima facie evidence that the person is or has been using this type of bait.

Other information may be secured from the local game warden.

Licenses may be secured from the local game warden, Randolph Bourgeois, who urges all expecting to do any artificial bait fishing to secure a license and avoid embarrassment and penalties. The game warden advises that all persons violating the fishing laws will be prosecuted.

GULFPORT CANAL DREDGING STARTS

Dredging operations were begun on the Gulfport channel and basin Wednesday by the dredge boat Burlington sent to Gulfport by the United Dredging Company of New York. The project depth of the channel is usually carried to a depth of 28 feet to allow for shoaling during work periods.

Operations will extend to Bearson Six, a distance of approximately six miles from the harbor and about two months will be required to complete the work, it was said.

P. T. A. Club of Bay High Sponsoring Drive For Jars for Canning.

The Parent-Teachers Association of Bay High School are sponsoring a drive for fruit jars for canning of fruit and vegetables for use in the W. P. A. School Lunch Room and persons having jars are requested to get in touch with Mrs. W. S. Spear, president.

The club also wishes to announce that they will sell refreshments at the May Festival to be held on Friday, May 3rd at the High School.

LION CLUB ORGANIZED WITH MEETING AT REED HOTEL MONDAY

Twenty-Five Members Attend—Al Voight, President of
New Organization for Bay St. Louis—Preparations
Being Made For Charter Night Meeting and
Entertainment Next Wednesday Night.

At a meeting Monday night the twenty-five members of the newly formed Lions Club together with President Al Voight and Secretary Currie Garner met and perfected plans for a large charter night program to take place at the Reed Hotel Wednesday night, May 8th.

The activity will be participated in by local Lions, their ladies, visiting Lions Club delegates from surrounding towns and national Lions Club officials.

Charter night meeting and entertainment will be an important one for the newly formed club. A banquet will start the evening's activities at which District Governor J. W. Kennedy of Port Gibson, Miss., will deliver the principal address.

FESTIVAL TO CROWN MAY QUEEN

At St. Joseph Academy, on
Sunday, May 12—Annual
Event Attracts Interest

No affair is looked for more eagerly each spring in Bay St. Louis and vicinity than the usual May Festival—this event will take place on Sunday, May 12 at 8:00 P. M. at S. J. A. gym.

The court will pay homage to the May Queen whose identity will not be made known until a few days before the event. There is quite a bit of competition among the girls for the coveted honor of wearing the crown but the final results will only tell who the lucky girl will be.

As usual there will be a well-chosen program which will be followed by a dance. Music will be supplied by one of the well known orchestras.

S. J. A. extends an invitation to all to attend.

This annual event is always one attracting considerable interest and this year will by no means prove the exception.

Father John Kelly, C. S. C. Completes Mission Survey

Father John Kelly, C. S. C. of the university of Notre Dame, Notre Dame, Indiana, completed last Tuesday his exhaustive survey of the Missions under the care of Father Victor J. Boisvert, C. S. C.

Father Kelley, as head of the Notre Dame Council of the Saint Vincent de Paul Society, has gone to all this trouble in order to give a clear and comprehensive report to the council who are deeply interested in all the mission activities of the Congregation of Holy Cross. After a brief visit at Sacred Heart Rectory in New Orleans, Father Kelly will return to the University.

All Preparations Complete.
All that Father Victor had to report this week was the fact that he is busier than a one-armed paperhanger with the itch. Everything is all set for a great time in Pearlington this Saturday night.

Twister Demolishes Large Farm Home of Mr. Valley Bordelon at Bordelonville

News has been received here by members of the Spotorno family of the complete demolition of the large farm home and many buildings on the farm of Mr. and Mrs. Valley Bordelon, brother-in-law and sister of Mrs. G. Y. Blaize and the Misses Mellie and N. Spotorno on Monday night by a tornado which struck that site, completely demolishing the Bordelon home, garage, outbuildings and automobile, and from which Mr. and Mrs. Bordelon and their daughter, Marion, miraculously escaped with their lives, as they fled upon hearing the frame of the building creaking and preparing to fall apart.

Mrs. Bordelon is the former Miss Judith Spotorno and is well known here where she spent her childhood days and attended school and her many friends will be glad to know of the escape of herself and family with no bodily harm although the loss of their home which was built only a few years ago and was of the newest type and all other possessions is indeed a tragic affair.

LADIES RETURN FROM MEETING AT BIRMINGHAM.

Mrs. G. Y. Blaize returned on Tuesday from Birmingham, Ala., where she attended the regional meeting of the National Council of Catholic Women. Mrs. Blaize is President of the Bay St. Louis District of the National Council of Catholic Women and in Birmingham joined Mrs. Mary Van Cleave, Mrs. John Clancy, Mrs. J. A. Terrell and Mr. and Mrs. Hugo Schmidt, all of Long Beach, who motored to the meeting.

At a meeting Monday night the twenty-five members of the newly formed Lions Club together with President Al Voight and Secretary Currie Garner met and perfected plans for a large charter night program to take place at the Reed Hotel Wednesday night, May 8th.

The activity will be participated in by local Lions, their ladies, visiting Lions Club delegates from surrounding towns and national Lions Club officials.

Charter night meeting and entertainment will be an important one for the newly formed club. A banquet will start the evening's activities at which District Governor J. W. Kennedy of Port Gibson, Miss., will deliver the principal address.

JOHN WEIR KENNEDY
District Governor of Lions Clubs of
30, Mississippi.

Other speakers on the program will include Past District Governor Lester Clark and Rev. Lattimore, both of Jackson, and also Mayor Mayor Louis Braun of Biloxi. Biloxi club will be represented by twenty-five or more members.

Following the Charter presentation to the local club a special entertainment program has been arranged including selections by the Bay High Band and other special numbers. A dance will follow in the dining room of the Reed Hotel to complete the evening's entertainment.

The Biloxi Lions Club sponsored the organization of the club here. The Lions Club is a civic club, where membership consists of local business and professional men.

The Lions Club objects are: To create and foster a spirit of "generous consideration" among the people of the world through a study of the problems of international relationships from the standpoint of business and professional ethics.

To promote the theory and practice of the principles of good government and good citizenship.

To take an active interest in the civic, commercial, social and moral welfare of the community.

To unite the members with bonds of friendship and mutual understanding.

To encourage efficiency and promote high ethical standards in business and professions.

THE BASIC TRANSPORTATION OF AMERICA.

AS Robert S. Henry has written, "Great risks" were taken in building railroads. Men staked their capital on uncertainties. Some won great fortunes, more lost. But win or lose, the railroads were built. Whatever its wastes and faults, that venturesome way did succeed in transforming a continental wilderness into a great system of transportation which carries every sort of freight, over all distances and between all stations, in all seasons and in all weathers, at an average revenue of one cent for hauling a ton one mile—the basic, essential transportation of America.

Many of us tend to think of the railroads as empire builders of the past—a form of transport whose greater services to the nation belong to yesterday. Nothing could be more erroneous. If anything, the railroads are today more vital to the nation than in any previous time. Without them, the intricate industrial machine which feeds and clothes and otherwise serves this vast land of ours, would be demoralized. It is true that other carriers have appeared, each offering a valuable if limited service. But these carriers, to the thinking man, emphasizes rather than diminish the value of the railroads. The truck, the airplane, the pipe line all do good jobs—but none of them, nor all of them combined, can be mentioned in the same breath as the railroads when it comes to extent, certainty, efficiency and economy of transportation service for men and goods.

The rails are our most essential form of transportation. The iron horse brought civilization into the wilderness—and the iron horse is doing more and more to keep that civilization going and growing.

STATE FOREST SERVICE TO COOPERATE WITH ARMY.

DURING the week of May 7 to 11, most of the fifty-five lookout towers owned by the Mississippi Forest Service will be used to assist the Army in the Aircraft Warning Service, according to information received from A. K. Dexter, Chief of Forest Fire Control. Since all of the towers are connected by telephone to local exchanges, their use will play an important part in detecting the planes as they cross over the State. The American Legion is in charge of the Warning Service.

All of Louisiana, Mississippi and Alabama and parts of Arkansas and Florida are cooperating with the army to give air warnings. This is part of the Army maneuvers that are being held in Louisiana. The main bases for the planes will be Montgomery, Alabama and Barksdale Field, Louisiana.

STATE PARK LAKES OPEN MAY 1.

On May 1, all state park lakes will be open for public fishing except the lake at Roosevelt State Park, near Morton, which will open about June 15, according to a statement issued by Director of State Parks, J. H. Fortenberry.

For the past two months all state park lakes have been closed to protect the fish during the spawning season in accordance with rules issued by the State Game and Fish Commission. Mr. Fortenberry states that this act was heartily endorsed by the State Board of Park Supervisors.

Good fishing is made possible in Mississippi through the cooperation of the State Game and Fish Commission in stocking the streams and lakes with desirable fish.

WIFE MUST SUPPORT HUSBAND.

HERE is something new, we think. A judge in Long Island has ordered a wife to pay \$8.50 weekly to her estranged husband in order that the man will not become a public charge.

We are in favor of equal rights for women and, we suppose, this includes the privilege of supporting a spouse when the poor fellow is unable to support himself.

Anyway, the women asked for equal rights and they are gradually getting them. We should not complain.

BAND CONTESTS AT JACKSON.

THE most successful band contest in the history of these events was held in Jackson during this week. Sixty-eight schools sent hands to the contest this year—14 from Class A schools, 17 from Class B schools, 23 from Class C schools, and 14 from Class D schools.

Approximately 4,200 students participated in the contest. It has been variously estimated that in addition to the 4,200 students participating there were around 5,000 or 6,000 teachers, patrons, and other interested students in Jackson for the contest.

The judges in the contest were men of outstanding ability and leadership in the music field of the nation. They were very high in their praise of the work being done in Mississippi in this field. According to their statement, Mississippi is doing an outstanding piece of work and compares favorably with the leading states of the nation in this phase of school work.

HAVE A SAFE SUMMER.

SUMMER is about here. And the coming of that pleasant season means to most of us, vacations, adventures in the out-of-doors, work about the house and garden, and a generally happy and healthful time.

We can do much to assure happiness and healthfulness by doing our part to fight summer fire hazards this year. Each change of season brings new dangers. Uncut dry grass in a vacant lot, combined with a carelessly disposed of cigar butt, may mark the starting point of a holocaust that will destroy lives and property. And a vacationist's carelessness with a campfire may result in the razing of thousands of acres of magnificent timberland which Nature spent centuries in creating.

Every town should adopt a "clean-up" campaign during the summer months. Old shacks, prime breeding places of fire, should be razed. Garages and homes should be painted. And the utmost care should be taken with any and all flammable materials.

There's one more little task that every householder should perform in summer, in the interest of comfort as well as safety. That is to put the heating plant into prime condition before next winter brings its demands for warmth. Don't trust heating plant repairs to yourself or another amateur. Have them done by an expert, who knows his job—the money spent may pay tremendous dividends.

Have a good time this summer. And as one step toward that goal, keep the dangers of fire everlastingly in mind.

HIGH HOPES FOR MUSIC WEEK.

NATIONAL Music Week, we understand, will be observed early in May, but we are afraid that even this celebration will not remove from the air some of the raucous sounds which now afflict the human ears under the guise of music.

This slam-bang, pop-gun, whiz-whistling concatenation of tumultuous screams and howls is, it seems to us, a thing apart and not to be confused or associated with the "concord of sweet sounds" that "hath charms to soothe the savage breast."

Anyway, let's look hopefully toward May 5th, when we may have a week devoted to the harmonies of immortal souls in "linked sweetness long drawn out." As much as we hate the idea of so many weeks, with so many purposes, the musicians may win us to this one if they can produce their melting airs to entrance our senses.

CUT RATE AIR TRAVEL.

NOW that the railroads have apparently come to the conclusion that lower fares might increase their passenger revenues, it is interesting to observe that the United Air Lines is trying out the same policy on its line between San Francisco, Los Angeles and San Diego.

The new fare of three and two-thirds cents a mile is part of an experimental campaign to compete with the private automobile. It will probably produce results paralleling those secured by the railroads.

TO TEST BARLOW'S BOMB.

INVENTOR Lester P. Barlow claims to have developed a bomb of extraordinary destructiveness, with a "shock wave" that will kill everything within a quarter of a mile and stun at even greater distances.

This is evidently "some" bomb. The only way to ascertain its power is to see what it will do. Naturally no human beings will be subjected to the test. To obtain the answer to the inventor's claim is to try out this bomb and the Army is making ready for a test in Maryland, using about 250 goats for the experiment.

Opposition has been reported by various citizens who object to the goats being the goats of the experiment. It is even threatened to take the matter into the courts to protect the well-being of the goats. So it seems that the first test will be between inventor Barlow and the Army on one side and the friends of the goats on the other.

Mississippi Conservation Week is now officially designated as beginning the first Monday in December of each year, under Senate Bill 221 approved by Governor Johnson on April 18th. Each day of the week also has an official name as follows: Monday, minerals; Tuesday, water; Wednesday, soils; Thursday, wild life; Friday, flora and fauna; and Saturday, Arber Day.

TIRES THAT ARE BULLET PROOF.

A MILITARY tire tube that seals itself against bullet punctures is announced "in production" by the United States Rubber Company for the U. S. Army.

This is quite an interesting development. The War Department has authorized quantity export in increase production capacity and has released the tube for restricted domestic use on armored cars and law enforcement vehicles. In the course of time, we presume, the tire will become standard equipment on all automobiles and that will end the threat of death that comes with a blow-out.

MUSSOLINI ON THE SPOT.

MUSSOLINI, according to some reports, is said to have promised Hitler to come into the war when the two great statesmen had their conference a few weeks ago.

The Italian public, we read, is not enthusiastic for the Nazi cause, and prefers not to fight the British and French.

It Duce is walking a tight-rope warily. He must get in on the winning side early enough to claim some of the spoils but he mustn't jump the decision before it is assured.

Mussolini believes that Hitler will win. The British and French, says some writers, are almost ready to force him to make his decision. They think that once Italy's position is clear there will be some advantages for them.

County Agent To Give Demonstrations Regarding Moth Control

Clothes moths are found in nearly all dwellings, regardless of the location. Their abundance is influenced by the temperature and humidity in the house, the type of construction, furnishings, and thoroughness of house cleaning. They are exceedingly destructive and the damages and expenditures for their control amount to many millions of dollars each year.

Clothes moths require from 50 days to three years to go through the egg, larval, and pupal states. Most of this time is spent in the destructive larval stage. They feed on: Wool, hair, fur, feathers, cat and dog hairs, wool and hair collected, in cracks and under baseboards; dust and lint in seldom cleaned corners.

Clothing may be protected by the following home measures. The best method is to clean thoroughly by dry cleaning or to wash in a strong solution of neutral soap then seal in paper or cotton bundles, or unbroken boxes, or pack in an air tight chest. Even then, some flake naphthalene should be added as a safe guard. It must be remembered that dry cleaning and washing just kill the moths present at the time of cleaning and do not prevent reinfestation, and that soiled or slightly soiled clothes are eaten by moths in preference to clean clothes.

If clothes are to be left in a closet a long period of time they should be sunned and aired and brushed about once a month. Larvae, which are moths in the worm stage, drop to the ground if the garment is left in the hot sun on the line. Care must be taken to see that the larvae do not hide from the sun in seams and pockets.

Paper bags, cardboard closets, and etc. protect clean clothing from moths if there are no cracks or broken places and if no moths were carelessly put in with the clothes. According to Leaflet No. 145, U. S. Dept. of Agriculture, the odor of cedar or pine oil in bags or boxes has no practical moth prevention value.

Cedar chests: Chests of red cedar, made of 3-4 inch heartwood of 70 per cent of the chest is heartwood cedar are dependable only if "they are tight and in good condition and the clothing is freed from larger moth larvae before it is placed in the chests." Veneered chests, trunks and other chests should have 1 lb. of either flake naphthalene or paradichlorobenzene scattered between the folds of clothing. It pays to use too much and be safe.

Sprays that are bought are contact sprays, that is they will kill the insect actually hit or made wet with the spray. They are used to destroy moths on clothing and furniture in floor cracks about baseboards and elsewhere. Hand sprays may be used but power sprays are best.

Filling the room with a fine mist of little practical value in moth control. Care should be taken to hit or wet the insect with the spray. Plans: During the summer hang 4 oz. of paradichlorobenzene in a muslin bag inside the piano case close all openings and keep closed. Rugs and carpets: keep clean. If fastened to floor, clean with vacuum cleaner and spray with a beresene-pyrene spray or moth proofing solution. Rev. C. C. Clark To Head Campaign Of Seashore District For Funds.

Plans looking toward direct cooperation of all pastors within the Seashore District, Mississippi Conference of the Southeastern Jurisdiction of the Methodist Church in the endowment of a chair of Christian Doctrine at the Candler School of Theology of Emory University in Atlanta were announced here today by Rev. C. C. Clark, who will serve as chairman of a campaign committee in this District.

This campaign is one of 152 being organized by District leaders in the Southeastern Jurisdiction with a view to raising a total of \$50,000 for endowment of a chair of Christian Doctrine to be named in honor of Dr. Franklin Nutting Parker, for 18 years dean of the Candler School of Theology and for 24 years a member of its faculty. The funds secured, Mr. Clark stated, are also applicable toward meeting conditions of a grant of \$2,500,000 to Emory University and Agnes Scott College in connection with the establishment of a university center for the entire Southeastern region. The General Education Board's grant is conditioned upon the raising of \$5,000,000 by the two institutions and the present project, known as the Parker Recognition Fund, is an integral part of the financing program designed to meet this condition.

Mr. Clark further explained that while the immediate purpose of the campaign is to provide endowment for the chair of Christian Doctrine, the money raised will serve to release other funds now required for support of that chair, and that it is the purpose of the school to utilize the funds so released primarily to provide aid for needy ministerial students.

Dr. Parker, in whose honor the professorship to be named is one of the best known figures in Southern Methodism. Son of the late Bishop Linus Parker, he has served the Church continuously since young manhood, his service being recognized by his election to a bishopric, which he declined in order that he might devote himself to the training of young ministers through the

Hollywood Notes.

WE'RE certainly in for a cycle of biographical films, it seems. Following the making of such films as those on the lives of Louis Pasteur, Emily Zola, Abraham Lincoln, Thomas Edison, we are to have films of the lives of such men as Reuter, the founder of the famous news agency and Samuel Gompers, for many years the head of the American Federation of Labor.

Miram Hopkins and Edward Roberson are scheduled to play the leading roles in "This Man Reuter," to be produced by Warners under the direction of William Dieterle.

Martha Scott, who played "Emily" in the screen version of Thornton Wilder's "Our Town," will play the lead opposite Cary Grant in "The Howards of Virginia," which is adapted from the Elizabeth Page novel, "The Tree of Liberty."

Work has begun on Hal Roach's production of "Captain Caution," in which Victor Mature, who appeared in "The Housekeeper's Daughter" and "One Million B. C." and Louise Platt who was seen in "Stagecoach," are to be costarred.

Margaret Wycherly, actress who has appeared for the last three years in "Tobacco Road," is expected to arrive shortly in Hollywood where she will be tested for a role in Paramount's production, "Victory," based on the Joseph Conrad novel.

Another biographical film to be produced soon is "The Amazing Story of Sergeant York." The scenario is to be written by Harry Candler and Julian Josephson, who went to Fall Mall, Tenn., the home of Sergeant York, to interview the living characters who will appear in the film.

Apparently, Bette Davis is doomed to appear in more costume or period pictures. Warner Brothers recently announced the purchase of two stories for her, "Mrs. Skeffington," which deals with the career of an English belle since the turn of the century, and "King's Row," which is a Midwestern piece laid in the horse-and-buggy days.

James Street, author of "The Biscuit Eater," has been engaged by Paramount to write a companion piece under the title, "Ronnie."

Billie Lee, Cordell Hickman and Promise, the dog, will appear in this picture too.

A huge crowd, estimated at around 3,000 people, met Joan Crawford when she arrived at the Grand Central Terminal in New York City on a recent vacation.

Greta Garbo will probably play the title role in the film based on the life of Madame Curie, the famous French scientist, and it is rumored that Spencer Tracy may appear opposite her.

Myrna Loy and William Powell are teamed again in "I Love You Again," which is now before the cameras on the MGM lot.

Paramount is said to be anxious for Joan Blondell and her husband, Dick Powell, to appear together in the musical, "Honeymoon Island." They swore never to do another musical two years ago but may be that they'll change their minds.

Franchot Tone, who has not made a picture in Hollywood for over a School of Theology. The following committeemen have been named to assist Rev. Clark with the campaign in the Seashore District: Rev. E. E. Samples, Hanksboro, Miss.; Rev. C. H. Gunn, Biloxi, Miss.; Rev. H. W. F. Vaughn, Lumberton, Miss.; Rev. Andrew J. Boyles, Bay St. Louis, Miss.

Roses Abundant In Many Local Gardens

Just now abundance of roses blooming all about in the gardens of Bay St. Louis are at their loveliest, and with roses this year the finest in many years due to the extreme cold of last winter when no premature growth or blooms occurred and the bushes enjoyed a long rest through the winter months such as Nature really intends, there is every variety and color of rose to be seen. Especially beautiful are the roses in the garden of Brother Peter and the Brothers of St. Stanislaus College and the Paul's Scarlet roses which adorn the fences about the homes of Mrs. Marielouise Jaden and Dr. M. J. Wolfe and Mr. and Mrs. A. G. Favre. A beautiful variety of roses also adorn the fence of the Telliard home on State street.

One of the pretty gardens in Bay St. Louis is that of Mrs. O. T. Arnold on Main street which contains many rare plants and flowers and a number of specimens of rare cacti.

REGULAR MONTHLY MEET CO. BOARD SUPERVISORS.

(Continued from last week)

Whereas, the Board of Supervisors of Hancock County, Mississippi, has heretofore found and adjudged it necessary that bonds of said county in the sum of Two Hundred Thousand Dollars (\$200,000.00), be issued for the purpose of providing funds to construct, repair and maintain the seawall or road protection structure and public roads of said county, under the authority of Senate Bill No. 145, Laws of 1940; and said Board finds it is necessary that attorneys at law be employed to prepare and draft all necessary orders and resolutions in connection with the issuances of such bonds; it is therefore

Ordered by the Board of Supervisors of Hancock County, Mississippi, that R. L. Genin and George R. Smith, Attorneys at Law, be and they are hereby employed to draft all orders and resolutions necessary in connection with the issuance of said bonds and to pass upon the validity thereof, and that said attorneys be paid a sum equal to one (1 per cent) per centum of the amount of such bonds issued as compensation for such legal services; such compensation to be due and paid when said bonds have been validated by the Board of Supervisors of Hancock County, Mississippi, said attorneys shall have authority, in their discretion, to associate other counsel, in which the compensation to be paid such associate counsel shall be paid by said attorneys out of the sum herein in above stated.

Be it further ordered that in event the issuance of said bonds, or the validation thereof, be contested, or if it becomes necessary to employ an attorney in any litigation in connection with said bond issue, a separate agreement be made with reference to such additional legal services.

Ordered this, the _____ day of April, A. D. 1940.

Adopted by the Board.

President.

The Board took up for consideration the matter of issuing Road and Seawall Bonds of Hancock County in the amount of Two Hundred Dollars (\$200,000.00) pursuant to a resolution adopted by the Board on the 13th day of March, 1940.

Upon, Supervisor Shaw offered and moved the adoption of the following resolution:

A Resolution authorizing and directing the issuance of Road and Seawall Bonds of Hancock County, Mississippi, in the amount of Two Hundred Thousand Dollars (\$200,000.00) for the purpose of constructing, repairing, and maintaining the Seawall or Road Protection Structure, and the public roads of Hancock County, Miss.

Whereas, the Board of Supervisors of Hancock County, Mississippi finds that said Hancock County in the State of Mississippi, bordering on the Mississippi Sound or Gulf of Mexico, having an assessed valuation of less than five million dollars (\$5,000,000.00) according to the last completed assessment, and that said county maintain a seawall or road protection structure under Chapter 165 of the Mississippi Code of 1930; and

Whereas, heretofore, to-wit: on the 13th day of March, 1940, the Board of Supervisors of Hancock County, Mississippi, proceeding under the authority of Senate Bill No. 145, enacted at the regular session of the Legislature of the State of Mississippi, approved February 19, 1940, did adopt a certain resolution giving notice of intention of issuing bonds of Hancock County, Mississippi, in a sum not exceeding Two Hundred Thousand Dollars (\$200,000.00) for the purpose of constructing, repairing and maintaining the seawall or road protection structure and the public roads of said county; and

Whereas, pursuant to said resolution, and as required by the aforesaid statute, the Clerk of this Board did cause the said resolution to be published at length in The Sea Coast Echo a weekly newspaper published and having a general circulation in Hancock County, Mississippi; and

Whereas, said resolution was published in two consecutive weekly issues of said newspaper; said publication having been made on the 18th and 22nd of March, 1940, as is shown by the publisher's affidavit and proof of publication now on file with the Clerk of this Board and now before this Board; and

Whereas, this Board now finds that, within fifteen days after the first publication of said resolution and order, petitions were filed with this Board requesting this Board to call and hold an election to determine whether or not the adoption of said resolution and order should be annulled; and

Whereas, this Board has examined

the signatures attached to said petitions and has also examined the list of qualified voters of said county as shown by the registrars list of qualified voters of said County as shown by the registration list of qualified electors prepared and purged by the County Board of Election Commissioners of Hancock County; and

Whereas, this Board finds from the aforesaid examinations, that although said petitions bore the signatures of Five Hundred Fifty Five (555) persons, only Four Hundred Forty Two (442) thereof are qualified electors of said County appearing in the aforesaid registration list; and

Whereas, according to the aforesaid registration list, there are not Twenty Seven Hundred Fifty Four (2754) qualified electors residing in said Hancock County; and

Whereas, the number of qualified electors whose names are attached to the aforesaid petitions, to-wit: Four Hundred Forty Two (442), does not constitute twenty-five per centum (25 per cent) of the qualified electors of Hancock County has been filed with this Board requesting this Board to call and hold an election to determine whether or not the adoption of the aforesaid resolution and order should be annulled; and

Whereas, it is provided by the aforesaid statute and by the aforesaid resolution and order that if no such petition be presented within fifteen days after the first publication of a copy of such resolution and order, then the Board of Supervisors shall proceed forthwith to issue and sell such bonds without an election and without further; and

Whereas, in the absence of any such petition and under and by virtue of the aforesaid statute, this Board is now authorized and empowered to borrow the sum of Two Hundred Thousand Dollars (\$200,000.00) for the aforesaid purposes, and is authorized to evidence such loan by the issuance of bonds of said County, which said loan shall not be subject to other limitations, restrictions or provisions of the general laws of Mississippi governing the borrowing of money, amounts in indebtedness, county budget or elections; and

Whereas, said Board of Supervisors does now find and determine that no funds have heretofore been borrowed under the aforesaid statute and that it is now necessary to proceed to borrow the sum of Two Hundred Thousand Dollars (\$200,000.00) for the aforesaid purposes, which sum does not exceed the amount which the County is authorized to borrow for said purposes under said statute;

Now, Therefore, Be it Resolved and Ordered by the Board of Supervisors of Hancock County, Mississippi, as follows:

Section 1. That, proceeding under the authority of Senate Bill No. 145, enacted at the regular session of the Legislature of the State of Mississippi, approved February 19, 1940, there shall be and there are hereby authorized, ordered and directed to be issued two Road and Seawall Bonds of said County in the sum of Two Hundred Thousand Dollars (\$200,000.00), for the purpose of constructing, repairing and maintaining the seawall or road protection structure and the public roads of Hancock County, Mississippi. The said bonds shall bear date of May 1, 1940, shall bear interest at the rate to be fixed by the Board of Supervisors of Hancock County, Mississippi, when such bonds are sold, not to exceed six per centum (6 per cent) per annum, payable November 1, 1940, and semi-annually thereafter on May 1st and November 1st in each year until the principal of said bonds shall have been fully paid, but no interest shall accrue on said bonds after the respective maturity dates thereof shall be paid; and the interest coupons to be attached to said bonds, as said coupons respectively become due. Both principal and interest on said Road and Seawall Bonds shall be payable in lawful money of the United States of America at the office of County Depository, in the City of Bay St. Louis, State of Mississippi. The said Road and Seawall Bonds shall be of the denomination of One Thousand Dollars (\$1,000.00) each and shall be numbered and shall mature, without the need of prior payment, in the amounts and at the times following, to-wit:

Fire In Spence Home On Waveland Beach Caught In Time.

On Monday afternoon, while enjoying a foursome bridge at her home on the Beach front at Waveland, Mrs. Belle Penrose, entered the home of Mrs. E. N. Spence and informed the ladies that flames were showing from the roof of the Spence home. Upon investigation, it was found that the roof was on fire and a volunteer fire squad from Waveland immediately set to work and managed in short time to quell the fire, due to the fact that there was no violent wind and the roof was of slate. However, the ladies received quite a scare and had proceeded to remove wearing apparel and values from the home not knowing how soon help would arrive.

This is the second fire on the Waveland beach in the last few weeks, and each one stresses more emphatically the urgent need of fire fighting apparatus for the Town of Waveland.

COUNTY OF HANCOCK

ROAD AND SEAWALL BOND

No. _____ \$1,000.00

The County of Hancock, in the State of Mississippi, acting herein by and through the Board of Supervisors of said County, its governing authority, acknowledges itself indebted and, for value received, here promises to pay to bearer the sum of

ONE THOUSAND DOLLARS (\$1000.00) on the first day of May, 19____, with interest thereon from date herein at the rate of _____ per centum (____ per cent) per annum, payable November 1, 1940, and semi-annually thereafter on May 1st and November 1st in each year until said principal sum shall have been paid provided, however, that no interest shall accrue on this bond after the maturity date thereof unless this bond be presented for payment at maturity and be not then paid. Interest accruing on this bond and prior to the maturity date thereof shall be payable upon presentation and surrender of the interest coupons hereto attached as they severally become due.

Both principal and interest on this bond are payable in lawful money of the United States of America at the County Depository, in the City of Bay St. Louis, State of Mississippi, and for the prompt payment of this bond and the interest thereon, according to the terms hereof, the full faith, credit and resources of said County of Hancock are hereby irrevocably pledged.

This bond is one of a series of two hundred (200) bonds, all of like date, tenor and effect, except as to maturity, numbered from One (1) to Two Hundred (200), both inclusive, aggregating Two Hundred Thousand Dollars (\$200,000.00) and authorized by the Constitution and Statutes of the State of Mississippi, including among others, Senate Bill No. 145, of the Acts of the Legislature of the State of Mississippi of 1940, approved February 19, 1940, for the purpose of constructing, repairing and maintaining the Seawall or road protection structure and the public roads of Hancock County, Mississippi, and is issued under and pursuant to resolutions duly adopted and approved by the Board of Supervisors of said County.

It is hereby certified recited and represented that all acts, conditions and things necessary to be done precedent to and in the issuance of this bond, in order to make the same a legal, valid and binding obligation of said County, have been done, have happened and have been performed in due and regular form, time and manner, as required by law; that this bond and the interest thereon together with all other bonds, legal coupons forming a part of this issue, are payable out of an excise tax on the distribution of gasoline in said county, a privilege tax on automobile drivers and other revenues as provided by Chapter 165 of the Mississippi Code of 1930, including said ad valorem tax on all of the taxable property of and within Hancock County, Mississippi, as authorized by said Chapter; that the issue of bonds of which this bond is one, together with all other indebtedness of said county, does not exceed any limitation prescribed by the Constitution and statutes of the State of Mississippi.

President, Board of Supervisors.

LONG-AWAITED MUSICAL HIT TO BE HERE AT LAST

World Waited for Teaming
Of Fred Astaire and
Eleanor Powell.

Co-starred for the first time in what promises to be the musical sensation of the season, Fred Astaire and Eleanor Powell, join forces in "Broadway Melody of 1940", coming to the A & G Theater, Sunday and Monday.

"Containing every conceivable type of dance number, from tap to ballet, 'Broadway Melody of 1940' tells the story of a dance star and her search for a partner. The plot becomes complicated when, through an odd complication, George Murphy gets the try-out call intended for Fred Astaire. Murphy wins the role and Astaire, content to remain in the background, finds his hands full attempting to keep Murphy's feet on the ground and his head down to normal size. The final outcome is one that keeps audiences guessing.

Set to special music written by Cole Porter, the dance numbers are presented against spectacular sets, outdoing in size those used for any previous production. The finale, "Begin the Beguine" introduces a new note in dance presentation by staging the number against a mirror, sixty feet square, which swings on hinges and shoots varying backgrounds into the camera lens. The number was more than two weeks in shooting.

A strong supporting cast appears with the three dance stars. Frank Morgan finds an ideal comedy role as the musical show author whose shortcomings include a bad memory and blondes. Ian Hunter is seen as the producer, Florence Rice as Morgan's pretty secretary, and Lynne Carver as Emmy Lou Lee. Others in supporting roles are Ann Morris, Trilix Firsche and Douglas McPhail.

LOUISIANA OYSTERS HAVE IODIN CONTENT

Louisiana oysters are high in iodine content a survey made over a period of eight months has revealed.

From this survey, it has been determined that the average iodine content of the Louisiana oyster is 13,000 parts per billion and the maximum 18,000 parts per billion. On the other hand, it has been found that oysters from bedding grounds other than Louisiana have an iodine content of 6,000 parts per billion.

The daily amount of iodine required in food to prevent goiter is from 1100 to 1200 milligram equal to the iodine content of about one pound of meat or two quarts of milk. One average sized Louisiana oyster, the investigators found, contains 5100 milligram of iodine.

A LITTLE OLD HOUSE AT THE END OF THE ROAD.

There's a little old house at the end of the road
Contentment I find there when I can't bear my load,
Its just an old shack, as others may see
But deep in my heart its heaven to me.

When I'm heartsick and weary, tired—
—forlorn
And my castles have tumbled, tattered and torn.
I go there for peace—I love it you see—
So sweet a retreat—a haven to me.
In the mist I see Daddy and Mother's dear face,
Indelibly stamped—so that years can't erase.
My cares how they vanish—my burdens unload!
For God is my comfort at the end of the road.

Alumni Day Set For May 26.

With the memory of last year's grand Alumni reunion still fresh, plans are on foot for the 1940 Alumni Day on Sunday, May 26.

Efforts are being made to bring the Alumni address list up to date. Letters are being mailed this week to members of each class in an effort to locate all the Alumni.

If any of our readers know of any graduates of Saint Stanislaus whose names have been omitted or addresses lost, we would appreciate having the names and addresses sent in at once.

The plans for Alumni Day will be announced in the next issue of the Rock-A-Chaw. Two years ago the alumni dues were voted out and the only charge on Alumni Day will be the dollar for the banquet.

Forecast says 1950 census will list housewife as profession.

MEMBERS OF BAY-WAVELAND GARDEN CLUB VISIT HALSEY GARDEN.

On last Friday afternoon, about twenty members of the Bay-Waveland Garden Club visited the garden of Dr. John T. Halsey in Waveland and viewed his large collection of iris, and the wonderful rose garden about the Halsey home.

Dr. Halsey assisted by Mrs. Halsey and Mr. Bruce, explained to the ladies visiting the garden the scientific manner in which he has succeeded in cross-opinating different varieties and colors of wild irises and showed irises in several different colors which were rare and most unusual. Some of the blooms were on stems three feet tall with two or more blooms to the stem, and shades ranging from the faintest blues to deep purples and orchid were shown. In beds bordered by cement walls to keep the utmost moisture and the equivalent of their native habitat, thousands of iris grew, all originating from bulbs brought by Dr. Halsey from the marshes in Southern Louisiana. The illustration of pollination and the lecture on the iris collection was most interesting and enjoyed by everyone attending.

After the lecture, Dr. and Mrs. Halsey entertained the ladies at tea in the reception rooms of their lovely home which were decorated thoughtfully with an abundance of beautiful roses of every variety and shade, foremost of which were large sprays of the Paul Scarlet.

MARRIAGE CELEBRATED AT LYONS HOME HERE.

The marriage of Mrs. Elizabeth Lyons daughter of late Mr. and Mrs. J. C. Lyons, of New Orleans, to Mr. John Tobin White, son of Mrs. Albert Sidney White and the late Albert Sidney White, all of New Orleans, was quietly celebrated late in the afternoon on Saturday at the home of Mrs. Lyons' brother and sister-in-law, Mr. and Mrs. J. Clifford Lyons, 623 Dunbar avenue, owing to mourning in the bride's family, and with only immediate relatives of the two families present.

Mrs. Lyons was given in marriage by her brother, Mr. Clifford Lyons, and was pretty in a pale blue chiffon gown worn with large leghorn hat trimmed with blue velvet and carrying a bouquet of white Palma violets. Attendants at the wedding were Mrs. Frelson Page and her daughter, Miss Patsy Page and Miss Mildred Shaw. Mr. Albert Sidney White, Jr., was best man. Mrs. Page and Miss Page both wore pale gray chiffon with large leghorn hats trimmed in velvet.

Mr. and Mrs. White left for a short honeymoon and will be at home at 2525 Coliseum street in New Orleans.

Although extremely quiet, the wedding claimed attention in New Orleans and the Coast because of the prominence of the two families.

TENDERED SHOWER BY EPISCOPAL GUILD.

The members of the Episcopal Guild of St. Paul's Episcopal church tendered Mrs. Belle Penrose a miscellaneous shower at the Parish House on Carroll avenue on Tuesday afternoon when a large number of the ladies gathered and presented Mrs. Penrose with an abundance of lovely household gifts including linens, glassware and china. The gifts were attractively arranged on a long table with bowls of beautiful roses at either end, and after the shower, refreshments were served.

Mr. and Mrs. George R. Rea returned on Sunday evening from a week-end visit to Mr. Rea's parents at Wesson, Miss.

Mrs. W. Scott Morrill and Mrs. Charles P. Dunbaugh motored into New Orleans on Tuesday to attend a luncheon given by Mrs. Morrill's sister, Miss Isabelle Levy, at her home in Fontainebleau Place, honoring several house guests from California.

Mr. and Mrs. E. J. Lacoste and little son of Columbia visited with Mrs. Lacoste's mother, Mrs. E. J. Gex, over the week end.

Electric Chair Measure Passes, Ending Hanging.

Jackson, Miss., April 22.—The Senate today passed the House-approved appropriation measure calling for \$2500 to buy an electric chair and generator.

Governor Paul B. Johnson has already signed the act that provides for the electric chair to supplant the ancient gallows.

Thus Pearl Houston Evans of Smith county became the last white man in Mississippi who legally went to his death on the gallows.

Evans, 38-year-old farmer, "walked the last mile" on February 10, 1939, after being convicted of killing a farmer-neighbor, K. C. Jones, 19. His wife and four hysterical children crouched in the Smith county jail yard at Raleigh within 10 feet of the enclosed scaffold when the trap was sprung.

Monthly Proceedings Board of Supervisors

(Continued from Page 3)

acting herein by and through the Board of Supervisors of said county, does hereby irrevocably pledge and dedicate the following revenues and taxes:

(a) All of the avails of a privilege tax of two dollars (\$2.00) on each person resident in Hancock County, Mississippi, driving an automobile or other motor vehicle on any of the public streets or highways of said county, which said privilege tax shall be levied and collected under the authority of Section 6929 of the Mississippi Code of 1930 and so long as any of the bonds herein authorized to be issued shall remain outstanding and unpaid; provided however, that the amount of said tax may be varied in case more than one member of a family pays such tax.

(b) All of the funds received by Hancock County, Mississippi, from the State of Mississippi, under and by virtue of Section 6929 of the Mississippi Code of 1930, including any other funds collected by the State of Mississippi in said county and allotted by law to said county for road purposes, or so much thereof as may be necessary to provide for the payment of the principal of and the interest on the bonds herein authorized to be issued.

(c) All of the avails of an excise tax, in addition to any such tax levied and collected by the State of Mississippi, on each gallon of gasoline distributed in said county, under and by virtue of Section 6930 of the Mississippi Code of 1930, and said Board of Supervisors does hereby covenant and pledge that, so long as any of the bonds herein authorized to be issued shall remain outstanding and unpaid, the aforesaid excise tax on the distribution of gasoline shall be levied and collected at a sufficient rate per gallon, not exceeding the limit imposed by said section sufficient to produce the amounts required to pay the interest on said bonds at maturity and the interest thereon as it accrues after making allowance for the funds received by the County and pledged under paragraphs (a) and (b) above.

(d) All of the avails of an annual special tax to be levied upon all taxable property of and within Hancock County, Mississippi, without limitation as to rate or amount, which it may become necessary to levy and collect in order to provide for any deficiency in the revenue pledged under paragraphs (a), (b) and (c) above, and the said Board of Supervisors does hereby covenant and pledge that such levy shall be made whenever and as often as it may be necessary in order to provide for the payment of the bonds herein authorized to be issued and the interest thereon, as provided by Section 6928 of the Mississippi Code of 1930, and said Senate Bill No. 145, Laws of 1940.

Provided, however, that the aforesaid pledge and dedication of revenues shall be subject, but not limited, to the prior pledge and dedication of said revenues to the payment of Road Protection Bonds and the interest thereon, and Road Protection Refunding Bonds and the interest thereon, as said County is, or is authorized to be, issued, prior to the issuance of the bonds herein authorized there being no other notes or certificates of indebtedness heretofore issued by said County, and now outstanding, for the payment of road protection purposes.

Section 4. That all of the revenues and taxes pledged and dedicated in Section 3 of this resolution, except so much thereof as may be necessary to provide for the payment of principal and interest on bonds previously issued or authorized Road Protection Bonds and Road Protection Refunding Bonds of said county, shall be credited to a special account to be held solely and only for the redemption of the bonds herein authorized to be issued and for the payment of the interest thereon as it accrues.

Section 5. That the Road and Seawall Bonds herein authorized to be issued shall be validated under the provisions of Chapter 10 of the Mississippi Code of 1930, and to that end the Clerk of the Board of Supervisors is authorized and directed to make up a transcript of the proceedings had in this behalf and to certify same to the State's Bond Attorney.

Section 6. That when the said bonds shall have been prepared and executed as in this resolution directed, they shall be registered by the Clerk of this Board in a book kept in his office for that purpose, as required by law, and the said Clerk shall endorse upon the reverse side of each of said bonds a certificate indicating the following form:

STATE OF MISSISSIPPI
County of Hancock, ss.
I, A. G. Favre, Clerk of the Board of Supervisors within and for the County of Hancock in the State of Mississippi, do hereby certify, that the within and foregoing bonds have been registered in a book kept for that purpose in my office, as required by law.

I do further certify that the within bond has been validated and confirmed by decree of the Chancery Court of Hancock County, Mississippi, rendered on the... day of... 1940.

Witness my hand and the seal of my office at Bay St. Louis, Mississippi, this... day of... 1940.

Clerk of the Board of Supervisors, Hancock County, Mississippi.

Section 7. That this resolution and order shall be in force and effect from and after its adoption.

Supervisor Necaise seconded the motion to adopt the foregoing resolution and the question being put to a roll call, the result was as follows:

Supervisor Murphy voted aye.
Supervisor Wheat voted aye.
Supervisor Shaw voted aye.
Supervisor Necaise voted aye.
Supervisor Ortle voted aye.

The motion having received the affirmative vote of all the members of the Board of Supervisors, the President declared the motion carried and the resolution adopted.

Whereas the Board of Supervisors of Hancock County, Mississippi, at its regular April, 1940 meeting, authorized the issuance of Road Protection Bonds of 1940, of said county, in the sum of Seventy-Five Thousand Dollars (\$75,000.00), for

Loiacano Home Is Saddened By Death Of Infant Daughter

The home of Mr. and Mrs. Arthur Loiacano was saddened this week by the death of their infant daughter, Josie Marie, six months and nineteen days old, and their only child.

The baby had been ill for only a few days and developed pneumonia from which she died at 9:10 P. M. on Monday night.

The funeral was held from the late residence on Necaise avenue at 10:30 on Wednesday morning with services of the Catholic Church, Rev. Father Clark officiating, and interment in St. Mary's cemetery.

Mr. and Mrs. Loiacano have the sympathy of the entire community in their sad bereavement, made doubly so from the fact that this is the third infant they have lost.

Mrs. Loiacano is the former Augustine Tardo and Mr. Loiacano is a member of the personnel of the local postoffice.
